

Are you as passionate about **supporting people** whose lives are affected by drugs and alcohol as we are?

Drug & Alcohol Treatment Team Leader

Full time: 37.5 hours per week - Permanent

Salary: £32,694 per annum

In our 37th year, BDP is an expert, energetic charity working with 3,500 people a year, in a vibrant city with an increasingly diverse population.

We have a rare opportunity for an exceptional individual to join us, completing our new leadership team in our Shared Care Treatment Service.

Providing both Opioid Substitution Therapy to people dependent on heroin and alcohol detoxes, Bristol's Shared Care service is the envy of many areas. Delivered in partnership with 46 GP Practices, we provide accessible place-based treatment in the heart of Bristol's communities to some of our city's most vulnerable and marginalised citizens.

As one of four Team Leaders, you will inspire and support your team of Shared Care Workers to achieve the best possible outcomes for people we support, continually improving performance and nurturing our relationships with GPs. As an experienced drug and alcohol practitioner, you will bring excellent communication, organisation and problem-solving skills along with substantial experience of supervising and motivating others.

Job Reference: TTL

Closing Date: Tuesday 31 May 2022 at 12pm

Interview Date: Friday 10 June 2022

For an informal discussion contact **Maggie Telfer**, on 0117 987 6006.
